## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 20-22 (renumbered 1-3) are allowed. The following is an examiner's statement of reasons for allowance:

As set forth in the previous office actions, van Eperen (US 6,235,137) and Kwok (US 6,077,375) are seen to constitute the closest prior art of record. In these instances, the references generally disclose a method of making a disposable wearing article, including the deposition of an adhesive on an elastic member (specific methods/patterns are detailed in Figures 13 and 2a, respectively). The references, however, fail to suggest, disclose, or teach the specific deposition pattern of the claimed invention (claimed deposition pattern is depicted in Figure 2 between points P and X).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
